

MYCRICKET TEAM SELECTION – SEASON 2020/21 JUNIORS

All Junior Players must register online via www.playcricket.com.au for the 20/21 season.

RECONFIRM PLAYER ROLES

Clubs Administrators can manually add, remove or reconfirm Junior Player roles (Reconfirm / Change Player Roles). ***This is not required for players who have registered via PlayCricket.***

This allows Clubs to reconcile online registrations received (Registration Management), maintain mailing lists and ensure the Person List is up to date.

THIS HAS NO IMPACT ON THE ABILITY TO SELECT A JUNIOR PLAYER IN A TEAM – ALL JUNIORS MUST REGISTER ONLINE VIA PLAYCRICKET TO BE SELECTED IN TEAMS, REGARDLESS IF THEY HAVE AN ACTIVE PLAYER ROLE OR NOT.

ASSOCIATION REGISTRATION

Once a player has registered to the Club via PlayCricket, Administrators can move the player across to any other Association the Club fields teams with.

Online Registration -> Management -> Manual Registration ... select the Association you wish to register to and select Search. Find your player (or bulk select) and complete the Actions ... **Junior Player / 2020-21 / Active**

Clubs can complete a manual transfer (Junior Player) and registration – provided the player has registered online with their home Club. This is used for merged teams or games where a Club has 'borrowed' an opposition player and wants to update player statistics and results.

STEP 1 – CHECK REGISTRATIONS

- ADMINISTRATION Tab ... Online Registration -> Management -> Registration Manager
- Filter by Association and Registration Type (Junior Player)
- All players listed here are registered, insured and eligible for selection

STEP 2 – ENTER TEAMS

- *Note – Your Association needs to have published fixtures before this Step can be completed.*
- TEAMS Tab ... Matches -> Select Team -> Round 1 and select from registered players on the left.
- SQUAD OPTION ... Settings -> Grade Customisation -> Enter Squads
