

MYCRICKET RESULTS INFORMATION FOR CLUBS

IMPORTANT – MATCH TASKS FOR EACH TEAM

1. Select Team in MyCricket Admin before the match (can name extended squad)
2. Enter Match Results
3. Enter Player Scores

All Junior Players must have registered and paid Insurance via PlayCricket – Players need to be registered to the Association (first one is automated via PlayCricket registration).

All Senior Players must have an Active Playing Role and be registered to the Association.

MYCRICKET RESOURCES – TEAM SELECTION & REGISTRATION

CREATING SQUADS (OPTIONAL)

- TEAMS Tab ... Settings -> Grade Customisation
- All teams / competitions will be listed (if Association has active fixtures) – edit squad
- Any registered player will be available for selection in the squad
- **NOTE ON TEAM SELECTION ...** If squads are used this Filter will be applied.
 - To select a Player from outside the squad either add them per the above steps or remove the filter on the Team Selection page.

CUSTOMISE REPORTS – HIDE / DISPLAY STATS AND SCORECARD INFO

- TEAMS Tab ... Settings -> Report Customisation – Edit details you wish to display.

DUAL ASSOCIATION (MANUAL) REGISTRATION FOR PLAYERS

- Once a player has registered to the Club via PlayCricket, Administrators can move the player across to any other Association the Club fields teams.
 - Clubs nominate an Association when creating a Registration Product and any player registering to that product will automatically be linked with the Association and available for team selection in any of those competitions.
- **Online Registration -> Management -> Manual Registration ...** select the Association you wish to register to and select Search. Find your player (or bulk select) and complete the Actions ... **Junior Player / 2020/21 / Active**
 - **If your player has not registered as a Junior to a 20/21 Product via PlayCricket you will get an error message at this step.**
- Clubs can complete a manual transfer (Junior Player) and registration – provided the player has registered online with their home Club. This can be used for any merged teams or instances where a Club has ‘borrowed’ an opposition player and wishes to update player statistics and results.
- Senior Players do not have to register online but must have an active Senior Role – they can then be manually registered to any Association using the above method.
- CA have a Support Article available by [clicking here](#).
