

## Women's Sharks 2022-2023 season charter

In addition to the spirit of cricket (see [Coolum's website](#)) which symbolises etiquette, manners and fair play, the Coolum Cricket Women's team fosters the following:

- In every interaction each player will endeavour to be friendly and helpful to whoever they are dealing with. This Coolum Cricket culture is to be nurtured and maintained to ensure the happiness of our visitors and ultimately the happiness of our Women's team and our club. The goals of enjoyment and sustainability of the game is to be foremost in our interactions and decisions.
- After a successful 2021-2022 season the focus Coolum Cricket's Women's current season is to be a continuation of skill and game development.
- The **2022- 2023** season will continue to prioritise skill development and participation above winning.
- Players who have elected to play and pay full season (10 games) will be given priority in team selection.
- Due to the nature of the game players will find themselves sometimes missing out on batting or bowling each match. This will be noted, and all endeavours will be made to see the player has opportunity next game.
- If any concerns, please go directly to the team manager Kerry Cowling. At any stage if you are not comfortable with taking the issue to the team manager you are invited to go directly to Coolum Cricket President Marty Bristow [mb@smartsteps.com.au](mailto:mb@smartsteps.com.au)
